

JobHub/Hunt Connect Platform: User Manual

1. Introduction

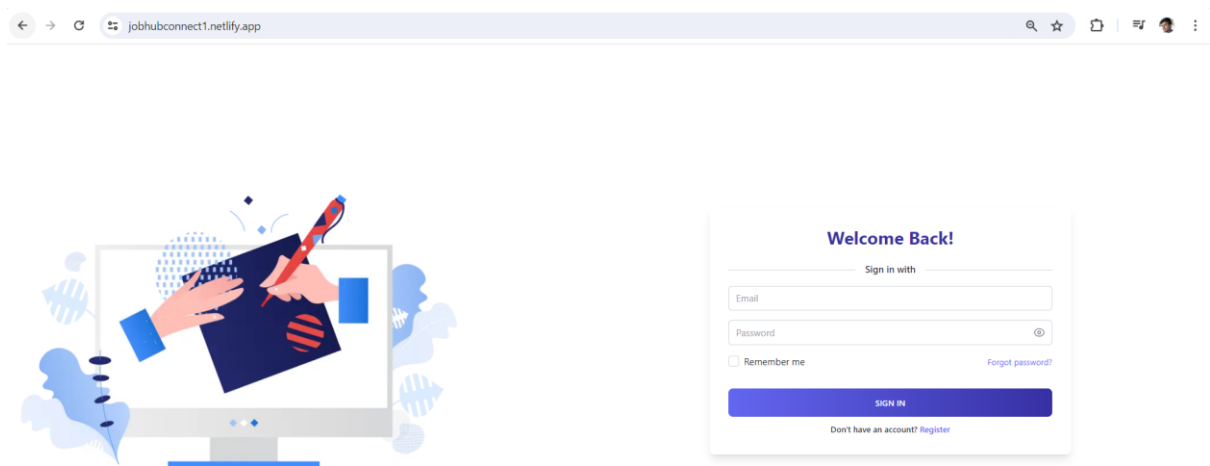

The JobHub Connect platform is a comprehensive job search and application management system designed to simplify the job-seeking process. This user manual will guide you through the key features and functionalities of the platform, enabling you to efficiently search for job opportunities, apply for positions, and manage your application.

Please be informed that as we are using the Free hosting services, our backend takes up to 1 Minute to respond.

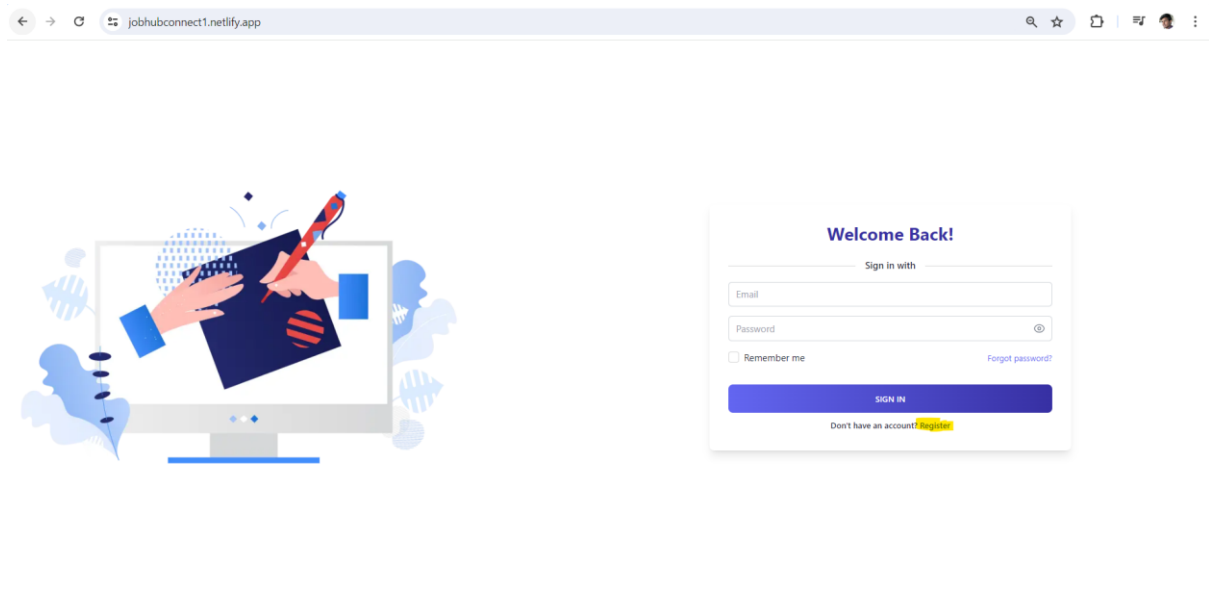

2. Getting Started

2.1 User Registration and Login

1. Visit the JobHub Connect platform at <https://jobhubconnect1.netlify.app/>.

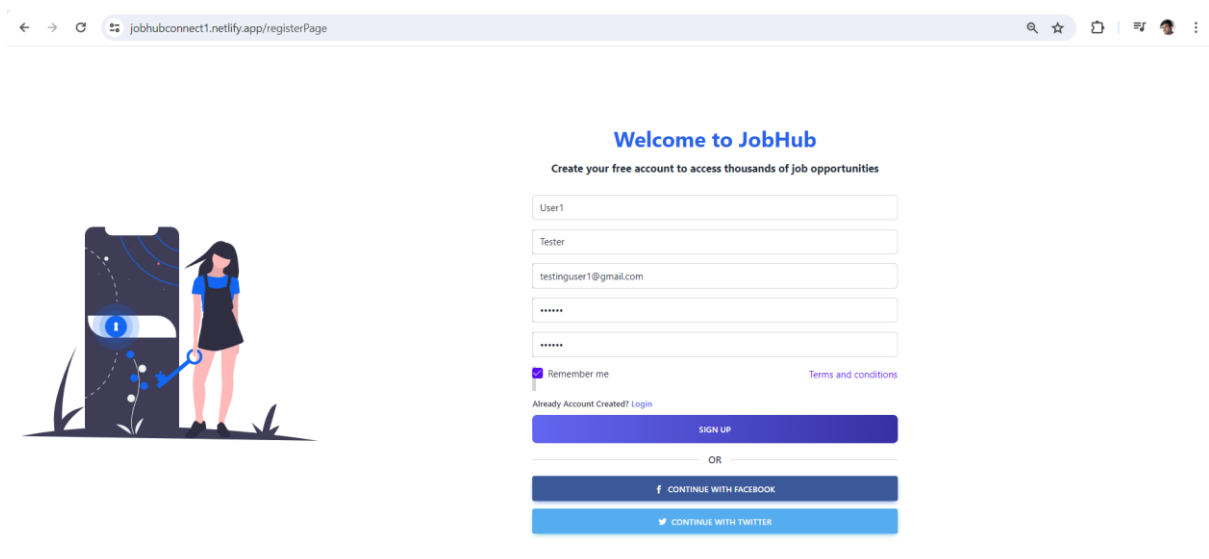

2. Click on the "Register" button located in the below of Signin If you are not already registered.

There is no functionality for Forgot password.

3. Fill out the registration form with your personal details, such as name, email, and password.

These social media logins won't work as we haven't implemented, We Just used for Styling Purpose.

4. Click the "SignUp" button to create your account.

2.2 Navigating the Platform

1. After logging in, you will be taken to the platform's homepage, which displays various sections, including Featured Jobs, Job Categories, and Contact.

In Footer, all are non-working functionalities we used for styling.

2. Use the navigation menu at the top of the page to access different sections of the platform, such as Job Search, Applied Jobs, Review Details, FAQs, and Statistics.

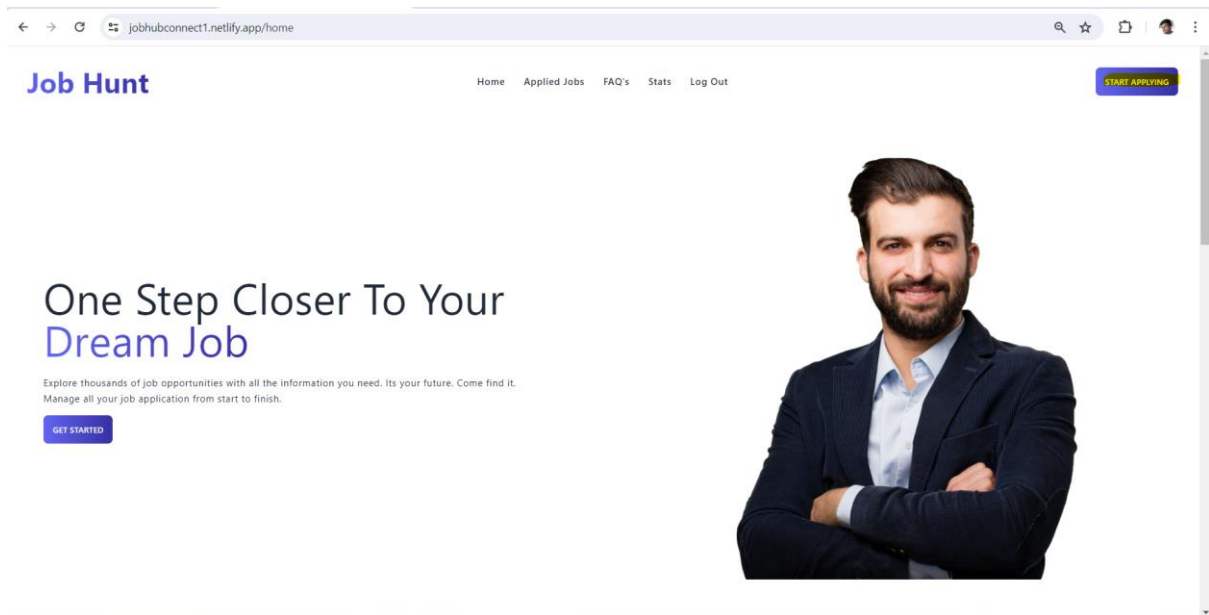

3. Explore the various features and tools available to you as a job seeker.

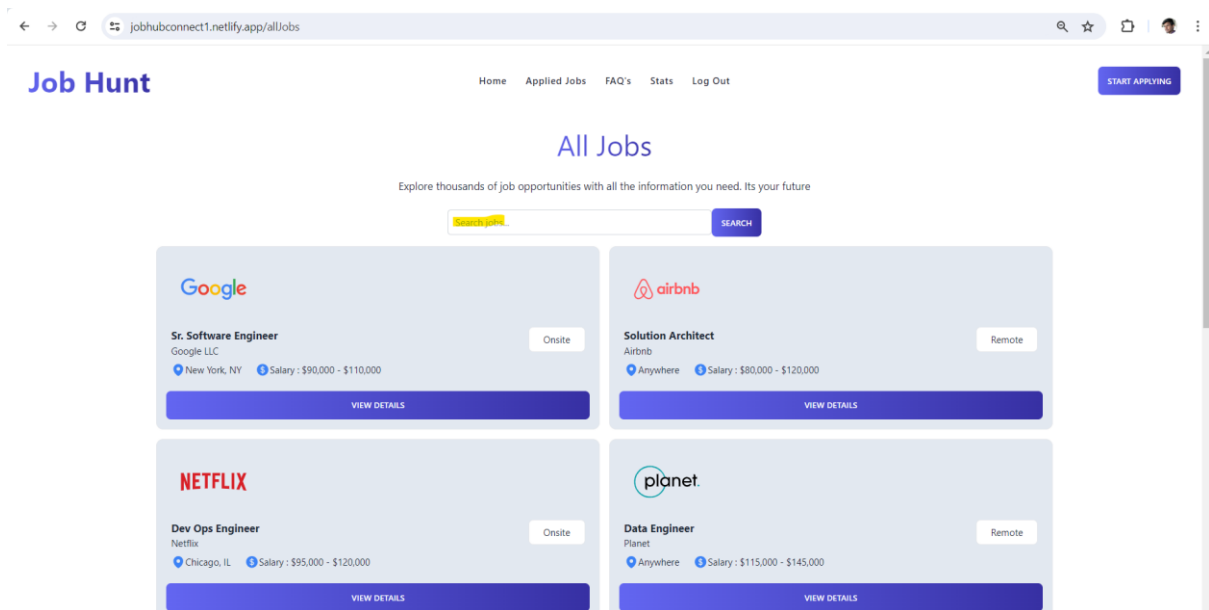

3. Job Search

3.1 Searching for Job Listings

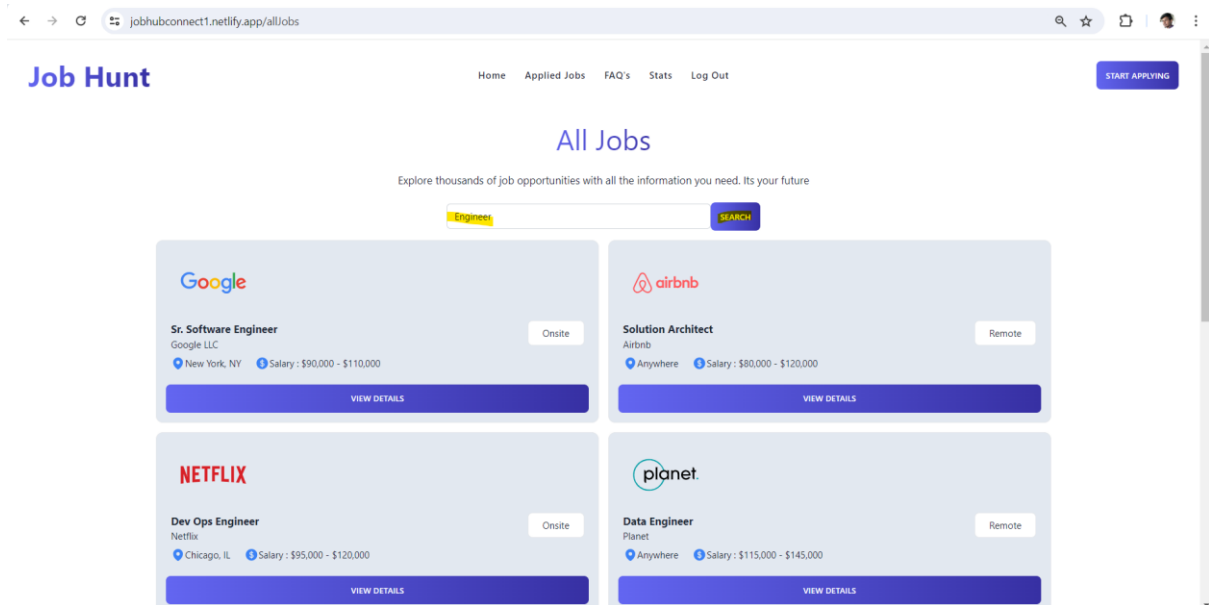

1. Click on the "Start Applying" option in the navigation menu to access the job search functionality.

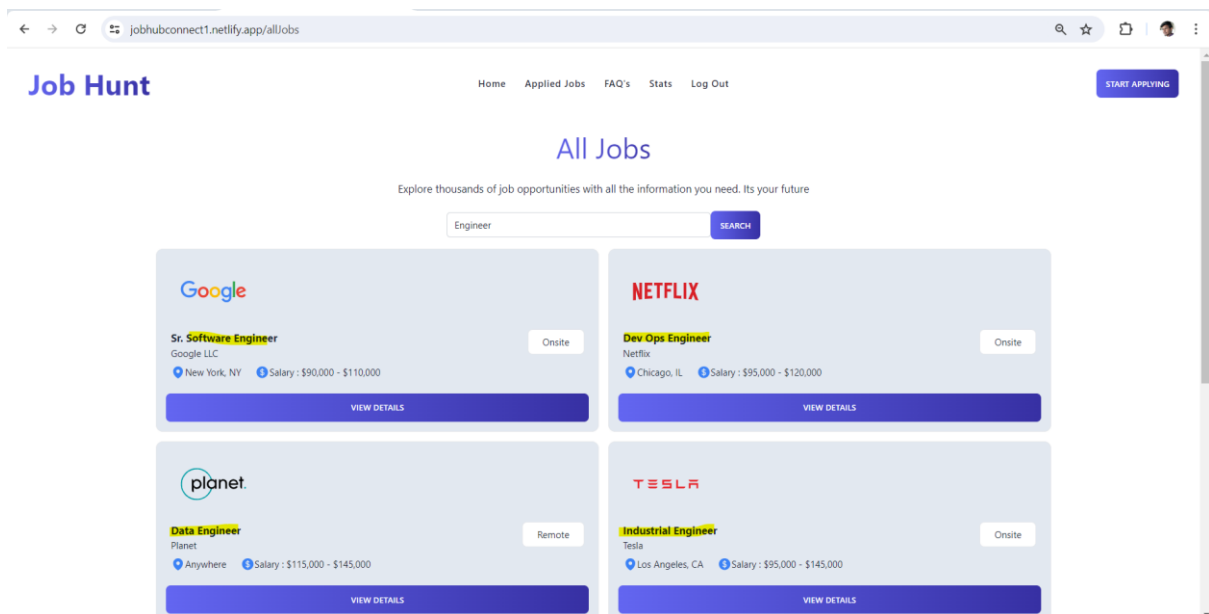

2. In the search bar, enter keywords related to the job you're looking for, such as job title, skills, or location.

3. Use the available filters, such as job type, salary range, and industry, to refine your search.

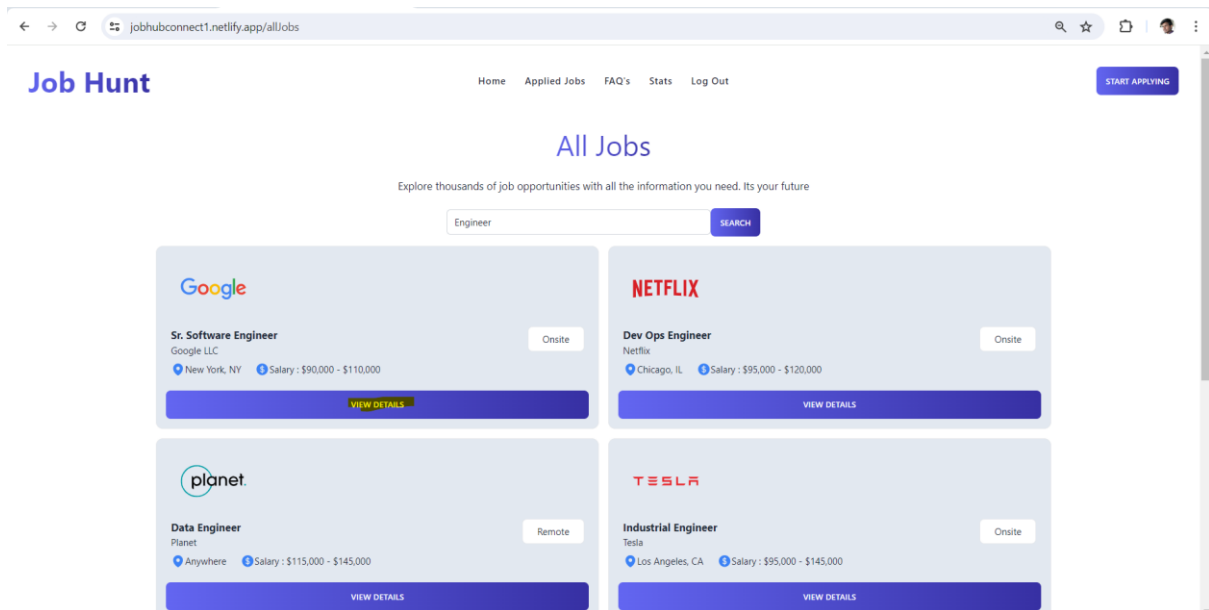

4. Click the "Search" button to view the results.

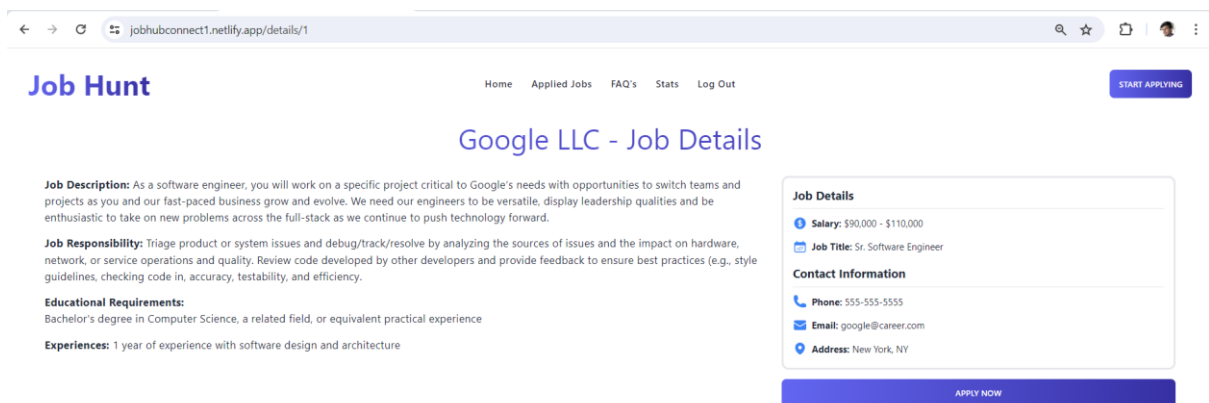

3.2 Viewing Job Details

1. From the search results, click on the "View Details" button for the job listing you're interested in.

- The job details page will provide comprehensive information about the position, including job description, qualifications, salary range, and company details.

- Review the job details carefully to determine if it's a good fit for your skills and career goals.

4. Application Submission

4.1 Uploading a Resume/CV

- Click on the "Apply Now" button on the job details page.

Google LLC - Job Details

Job Description: As a software engineer, you will work on a specific project critical to Google's needs with opportunities to switch teams and projects as you and our fast-paced business grow and evolve. We need our engineers to be versatile, display leadership qualities and be enthusiastic to take on new problems across the full-stack as we continue to push technology forward.

Job Responsibility: Triage product or system issues and debug/track/resolve by analyzing the sources of issues and the impact on hardware, network, or service operations and quality. Review code developed by other developers and provide feedback to ensure best practices (e.g., style guidelines, checking code in, accuracy, testability, and efficiency).

Educational Requirements:
Bachelor's degree in Computer Science, a related field, or equivalent practical experience

Experiences: 1 year of experience with software design and architecture

Upload Resume

Choose File Resume.docx

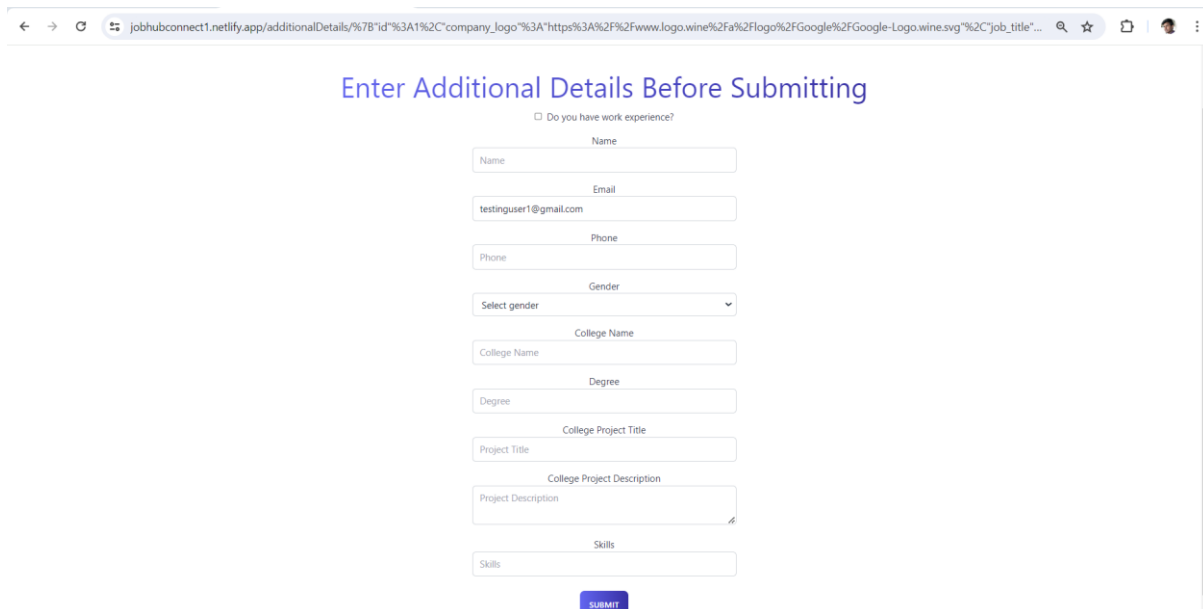

[UPLOAD](#)

3. Ensure that the file is in a compatible format (e.g., PDF, DOC, DOCX) and does not exceed the maximum size limit.
4. Your uploaded resume/CV will be associated with your user profile and can be used for future job applications.

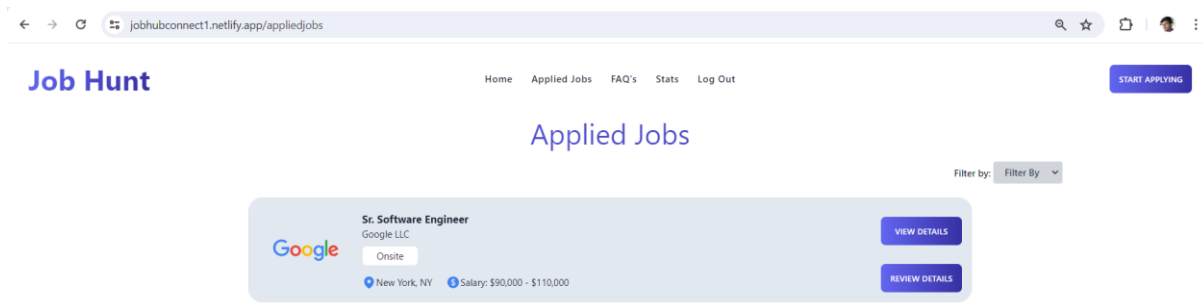

4.2 Providing Additional Candidate Details

1. After uploading your resume/CV, you will be directed to the "Additional Details" page.

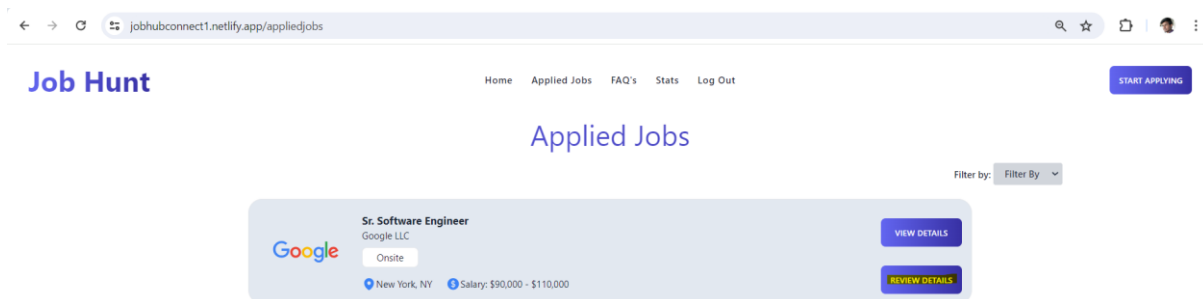

2. Fill out the required information, such as personal details, education, work experience, and skills.
3. Provide accurate and comprehensive details to help employers better understand your qualifications and fit for the position.
4. Click the "Submit" button to complete the application process. After Successfully applied the job, User will redirect to HomePage.

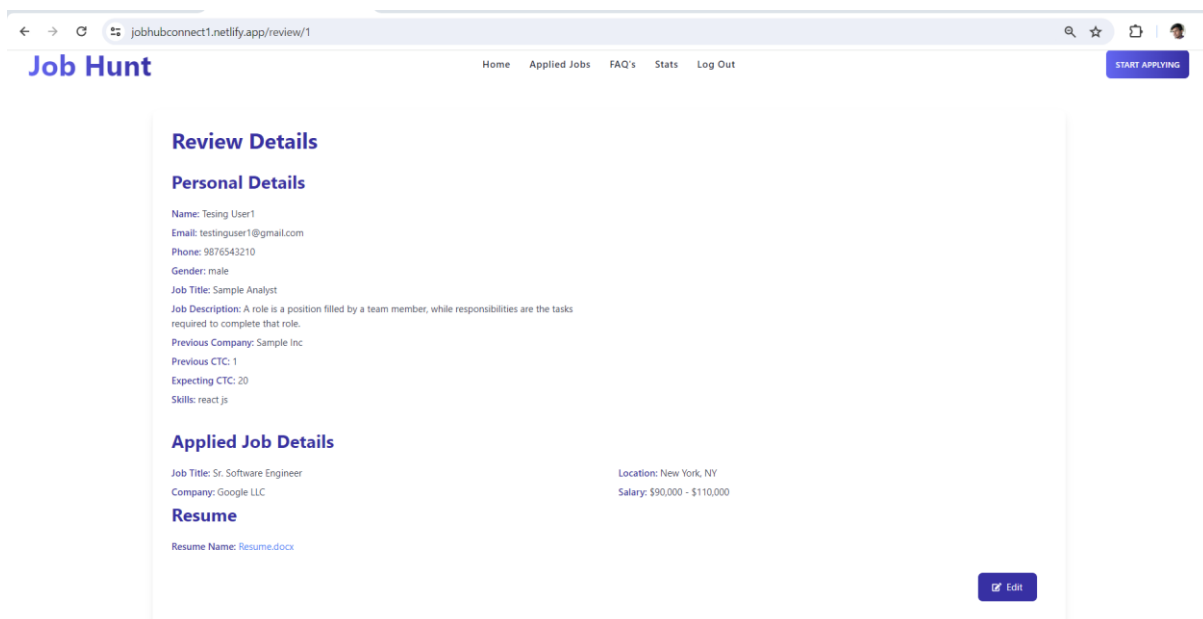

5.2 Updating Personal Information

1. Access the "Review Details" section in the platform's main menu.

2. You will see your current profile information, including personal details, education, and Previous work experience.

3. Make any necessary updates or changes to your profile by editing the relevant fields.

The screenshot shows a web browser window with the URL `jobhubconnect1.netlify.app/review/1`. The page displays a 'Personal Details' form with the following fields:

- Name:
- Email:
- Phone:
- Gender:
- Job Title:
- Roles and Responsibilities:
- Previous Company:
- Previous CTC:
- Expecting CTC:
- Skills:

Below the form, there is a section for 'Applied Job Details' and a 'Resume' section with a link to 'Resume.docx'. At the bottom right, there are 'Save' and 'Cancel' buttons.

4. Once you're satisfied with the updates, click the "Save" button to ensure your profile information is up-to-date.

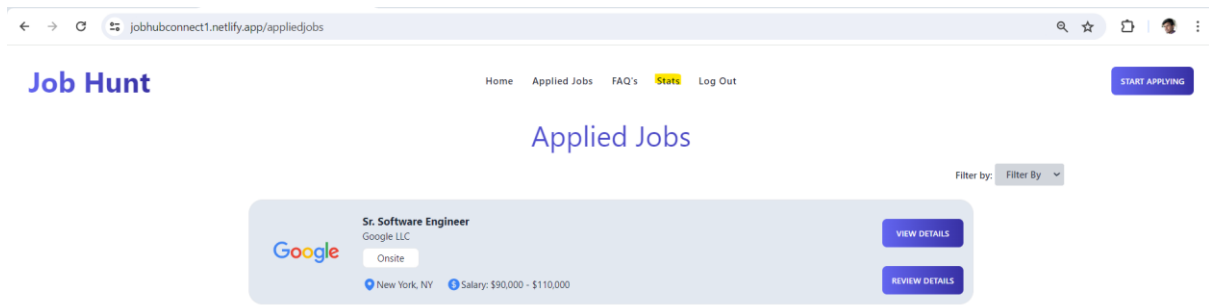

The screenshot shows the 'Review Details' page in the Job Hunt application. The page displays the following information:

- Personal Details:**
